

What to Expect at Relay For Life

Relay Participants are welcomed in the opening ceremony.

The first lap of Relay honours cancer Survivors, who are acknowledged and supported by all.

With motivation levels high, teams pour onto the track and participants walk the 2nd lap together.

After sunset, we light Candle of Hope bags to remember those we have lost, recognise survivors and to show those affected that they are not alone.

Team member take turns walking throughout the event symbolising the ongoing fight against cancer.

When not walking, participants enjoy the Relay atmosphere and festivities, visiting team campsites to participate in fundraising.

Closing Ceremonies wrap up the event, where we say THANK YOU to everyone who makes Relay possible.
